

HHT Newsletter

As we end another school year, we want to say 'Thank You' to everyone in our wonderful Hoylake Holy Trinity community. We are so lucky to have wonderful children, supportive families and a dedicated team. You are all what makes our school such a special place.

We also want to take the time to say how grateful we are for the amazing work of our HHT PTA! Without them, we would not be able to offer so many enrichments to our children. Thank you to the team for giving their time and their efforts for our school community.

We also say a thank you and goodbye to some long standing members as they step away from duties or leave our school with their Y6 child.

Thank you to Mrs Hosny, Mrs Lawton and Mrs Williamson. You have been invaluable to our school, kept the PTA going when it teetered on the brink of closing and brought so many new and exciting ideas to the team. Our PTA is in safe hands moving forward thanks to the firm foundations you have put in place.

The pages to follow are just a snapshot of some of the fantastic things that have happened across the last year. We are all ready now for a rest over the summer but look forward to making 2026-27 even better!

Wishing you all a wonderful Summer break! See you in September.

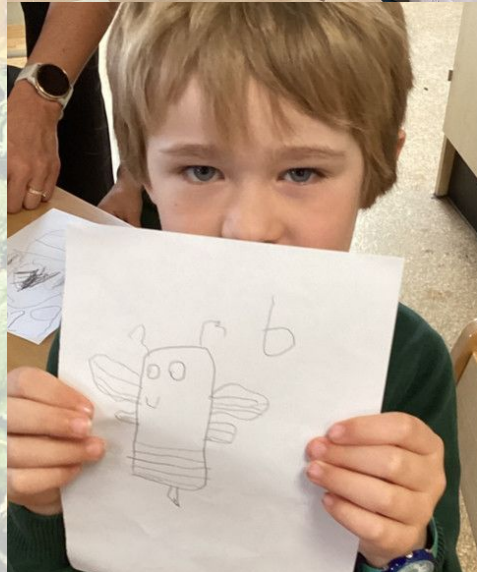

F1 news

We've really enjoyed learning all about growth and watching our caterpillars and sunflowers change and grow. We loved the story of the Three Little Pigs too where we learnt about materials and the importance of recycling. We also enjoyed learning all about bees. We enjoyed printing beehives and drawing bees too!

What a year we have had! We can't believe how fast it has gone. It really has been such a joy to watch you all grow. This term we have enjoyed lots of trips. Our spring walk to Queens Park and more recently our trip to the Lifeboat Station and the boating lake too! We loved sailing our boats together. Our weekly Little Explorers sessions with our grown ups have also been a real highlight too.

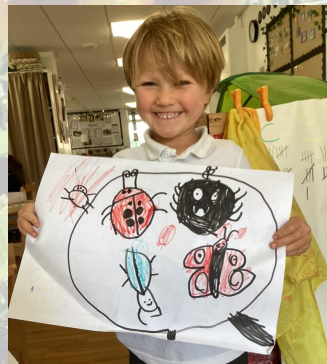

F2 news

Wow! Where has the time gone? We are so proud of F2 and all they have achieved this year. What a fantastic last term it's been! The children have had so much fun learning, growing, and making great memories. They are all ready for their next step up to Year 1. Well done F2!

F2 enjoyed a trip to the library, Sports Day and a rocket launch too! We loved learning all about the life cycle of a chicken and watched chicks hatch in our classroom. We took great care of them and especially loved holding them and watching them grow. We loved learning all about making our environment a better place for our wildlife too as part of our Coast to Country project!

Y1/2 news

What a fantastic year we have had. We are so proud of how hard the children have worked and what they have achieved.

We especially enjoyed our Coast to Country topic looking at plastic in the ocean. It was wonderful welcoming parents and carers into school for our Come and Share, where we made pieces of underwater art for this important topic.

Cooking with Kirsten from our kitchen was another super activity and the children really loved making tasty pasties. With the lovely weather this summer, we've spent time outdoors making sculptures inspired by Anthony Goldsworthy and studying plants in Science.

Y3/4 news

Year 4 had so much fun at Barnstondale! It was lovely to see the children embrace all of the activities and really enjoy themselves!

We had a fantastic afternoon for our *Come and Share*. It was lovely to see so many grown ups join us and have lots of fun completing the tomato challenge!

Our *Coast to Country* topic has certainly given us food for thought! We learned about the impact of food waste and explored ways to reduce it. The Year 3 children also produced some gorgeous artwork inspired by their learning.

Y5/6 news

As part of our Year 6 leavers' celebrations, we visited Chester Cathedral to reflect on the values and qualities we will 'pack' in our bags and take with us as we begin our exciting journey to high school. It was a special opportunity to celebrate how far the children have come and look ahead with confidence.

At our Come and Share session, children and adults joined forces to design and build the best floating device to hold as many marbles as possible. We're still not sure who was more competitive - the children or the adults!

Year 5 are now proud **Future Food Heroes** after completing an exciting unit exploring aquaponic systems and sustainable food production.

Our **Coast to Country** topic inspired us to think about our wonderful local area, Hoylelake, and how we can all play our part in protecting it. The children explored the impact of global warming and rising sea levels, considering the actions we can take to help care for our coastline and preserve it for future generations.

Year 5/6 had a fantastic opportunity to learn some cooking skills with Kirsten. They made delicious chicken or vegetable pasties and even got to taste the fresh ingredients along the way. It was a fun, hands-on experience.
